A really funny thing happened to me the other day when I was out with a friend. We were in a restaurant in London and **suddenly** I saw that she was just staring at something on the other side of the room with her mouth wide open and **it turned out that** Michael Jackson was sitting there and it was really unexpected, just a really odd experience to see this really famous person.

Something very, very strange and unexpected happened. I was going to the park with my little niece. When we got there, there were about... I don't know, about two hundred or more clowns, and they were all on bikes or unicycles or whatever and I had my little niece with me and she went absolutely crazy. She doesn't like clowns.

Speaker C

You'll never guess what's just happened to me. Listen to this, right. I've just gone to get a sandwich and on my way back this woman came up to me and she said, "I can't believe it's you! Can I have your autograph?" Can you believe it?
