

EXERCISE 15 SOLUTIONS

Please fill the gaps using these words and phrases:

“Get it back, failed, panic, at some point, what matters, figure out, get right, hard on, went over, bounce back.”

1. He **failed** the exam despite months of careful preparation.
2. He was too **hard on** himself for mistakes no one else even noticed.
3. Before submitting the report, she carefully **went over** the data one last time.
4. The director was determined to **get** every detail **right** in the final scene.
5. Despite the setback, the company managed to **bounce back** stronger than before.
6. When the system crashed, the team resisted the urge to **panic** and focused on solutions.
7. In the end, **what matters** is how you treat people when no one is watching.
8. For her, confidence is crucial. So she hoped to **get it back** after a long period of self-doubt.
9. Everyone has to confront the consequences of their choices **at some point**.
10. It took years to **figure out** what truly motivated her decisions.
